

4220 Series Regulators

Trigger Regulators for 5ELR and 5E cylinders

calgaz, the world's leading manufacturer of calibration gases and equipment, is proud to offer the most comprehensive range of specialist regulators in the world for non-refillable and portable gas cylinders.

The 4223 and 4226 Trigger Regulators have been designed for use with the Calgaz 5E and 5ELR cylinders. The 4223 regulator fits a CGA 350 cylinder valve and has a fixed flow rate of 6.0 LPM. The 4226 fits the CGA600 valve and has a higher 14.0LPM fixed flow rate. Both regulators should only be used with non reactive gases.

All regulators carry a 24 month warranty and we recommend replacing them after 2 years of service. These regulators can often be shipped to you the next working day. Contact us to find out more information.
